

for an excellent finish

Accessories: Multiflow pad

Velcro backing pad adapter for velour MULTIHOLE or conventional discs

Product benefits

- Full-surface dust extraction due to open 2-channel structure
- Longer service life of the Velcro backing pad due to additional backing pad protection
- Disc is easy to exchange because there is no hole pattern to match
- Especially suitable for sanding dust-intensive materials
- Combination of MULTIHOLE disc and MULTIFLOW pad with better price/performance ratio compared to similar net abrasives
- Universally applicable on any Velcro backing pad with dust extraction system

Applications

General:

- All sanding applications in lacquer, wood, composite and metal processing on random orbital sanding machines
