

for an excellent finish

Belts, narrow: BS 118

Very edge-stable, antistatic silicon carbide paper belt

Product benefits

- Hard silicon carbide abrasive grit with sharp edges ensures very high stock removal rate
- Extremely hard combi paper in grit sizes P 16 - P 36 and strong F-paper with high edge stability in the other grit sizes
- Uniform, fine sanding pattern
- Antistatic equipment prevents premature clogging with sanding dust

Applications

Furniture:

- Fine sanding of furniture parts before coating on stationary sanding machines
