

for an excellent finish

Belts, narrow: CERAMIT CN 466 Z

Very heavy and stiff high-performance cloth belts with ceramic grain and temperature-reducing coating

Product benefits

- Hard and sharp ceramic abrasive grit ensures high stock removal rates and long tool life
- Very tear-resistant cloth backing for high belt tensions
- Low grinding temperatures due to additional temperature-reducing coating
- Especially suitable for applications with high grinding pressure
- Especially suitable for dry grinding of stainless steel

Applications

Sheets, plates, coils:

- Rough grinding of coils, stainless steel plates and high-alloy steels

Tubes, rods, wire:

- Defect grinding and finishing of rollers

Forged and cast parts:

- Deburring of sharp-edged forged, stamped and cast parts made of stainless steel, tool steel, titanium, nickel and chrome-cobalt alloys

Product design

Type:	CERAMIT CN 466 Z
Grain:	Ceramic core
Bonding:	Synthetic resin, with active ingredient coating
Backing:	Z cloth
Coating:	Closed
Grit range:	+ 24/36/40/50/60/80

Stock programme Belts, narrow: CERAMIT CN 466 Z (Width x Length)
