

for an excellent finish

Belts, narrow: CERAMIT CR 476 Z

Long lasting premium abrasive belts with ceramic grain for maximum stock removal, in the shortest time

Product benefits

- Maximum stock removal due to self-sharpening high-performance grain and optimized coating
- Top process reliability owing to improved, heavy and very tear-resistant polyester backing
- Consistently high productivity until the end of life time
- Outstanding tool life
- Particularly efficient with high grinding pressure and cutting speed
- Guaranteed economical grinding of metals, especially high-alloy steels
- Active coating prevents grinding burn when dry grinding

Applications

Forged and cast parts:

- Rough and intermediate grinding of forged and cast parts, e.g.: surgical instruments, implants, cutlery, knives and blades, tools, fittings

Sheets, plates, coils:

- Rough and intermediate grinding of sheets and plates

Tubes, rods, wire:

- Pre-grinding of tubes and rods
- Descaling of wire

Product design

Type:	CERAMIT CR 476 Z
Grain:	Ceramic grain
Bonding:	Resin, with additives
Backing:	Z-cloth
Coating:	Closed
Grit range:	+ 24/36/40/50/60/80/100/120

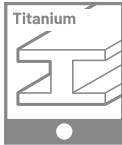

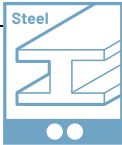

for an excellent finish
