

for an excellent finish

Belts, narrow: RB 346 X-flex Procut

Flexible Aluminum oxide cloth belts with additional temperature-reducing coating

Product benefits

- Cloth backing with high edge stability
- Good adaptability to contours, radii and shapes
- Low grinding temperatures and longer tool life due to additional Procut coating
- Especially suitable for grinding on robotic grinding machines

Applications

Forged and cast parts:

- Stock removal of sprue or cast skin on brass fittings
- Finishing of brass fittings before chrome plating
