

for an excellent finish

Belts, narrow: RB 484 44 Z

High-performance rigid zirconia alumina cloth belts

Product benefits

- High tear resistant, low stretch and waterproof polyester backing
- Tough zirconia alumina grain ensures high stock removal rates and long tool life
- Especially suitable for dry grinding of stainless steel
- For universal applications: dry and wet (water-, emulsion- and oil-resistant)

Applications

Tubes, rods, wire:

- Grinding longitudinal weld seams on tubes
- Leveling weld seams and finishing rectangular pipes
- Descaling wire

Metal working:

- Flat- and edge grinding of sandwich materials based on metal, polymer and composites (ski edges and bearing surfaces)

Furniture:

- Machine-based calibrating of furniture parts before coating

Product design

Type:	RB 484 44 Z
Grain:	Zirconium aluminum oxide
Bonding:	Synthetic resin
Backing:	Z cloth
Coating:	Closed
Grit range:	+ 24/36/40/50/60/80/100/120

for an excellent finish

Stock programme Belts, narrow: RB 484 44 Z (Width x Length)
