

for an excellent finish

Belts, narrow: webrax-AN 701 flex

Flexible non-woven grinding belts for efficient surface finishing of contoured metal workpieces

Product benefits

- Very long tool life with consistent high quality grinding results
- Extremely robust construction suitable for high pressure and high load applications
- Highly adaptive to intricate contours and radii
- Excellent price-performance ratio

Applications

Tubes, rods, wire:

- Grinding longitudinal weld seams on tubes

Forged and cast parts:

- Grinding stainless steel pots and pans
- Finishing cutlery
- Surface finishing of door fittings

Product design

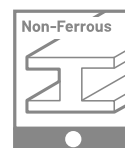

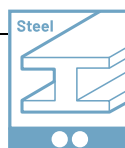

Type:	webrax-AN 701 flex
Grain:	Aluminum oxide
Bonding:	Synthetic resin
Backing:	Non-woven, cloth-reinforced
Coating:	-
Grit range:	+ 80/100/180/280

Stock programme Belts, narrow: webrax-AN 701 flex (Width x Length)

SG 40 film connection

1 3/16" x 21" mm
