

for an excellent finish

# Belts, wide: ProBoard RB 374 42 Z

Stiff, highly tear-resistant and antistatic cloth wide belts

## Product benefits

- Low-stretch, high-tear and stiff backing for high pressures and high lateral forces during Oscillation
- Antistatic equipment prevents premature clogging with sanding dust
- Optimal backing design for the required traction on roller stations and at the same time good sliding properties on shoe stations
- Universally applicable with long tool life for calibration, intermediate and fine sanding
- Usage also in climatic regions with increased air humidity

## Applications

### Boards:

- Sanding of chipboards, MDF, HDF and OSB boards
- Sanding of cement boards

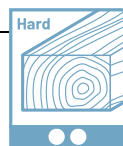

## Product design

Type:	ProBoard RB 374 42 Z
Grain:	Silicon carbide
Bonding:	Synthetic resin, antistatic
Backing:	Z polyester cloth
Coating:	Half open
Grit range:	P 36/40/50/60/80/100/120/150
