

## **Discs, Fastlock: CERAMIT** CR 456 Z

High-performance cloth-backed disc with ceramic grain, heat-reducing coating and Fastlock system

## **Product benefits**

- High productivity and economic efficiency
- Hard and sharp ceramic abrasive grit ensures high stock removal rates and long tool life
- · High tear resistant, low stretch and waterproof polyester backing
- Low grinding temperatures and longer tool life due to additional Procut coating

## Applications General:

- · Punctual processing of a wide variety of metal surfaces in hardto-reach areas

## **Product design**
