

for an excellent finish

Discs, Fastlock: RB 486 44 Z

Powerful cloth-backed disc with zirconia alumina abrasive grain and Fastlock system

Product benefits

- Tough zirconia alumina grain ensures high stock removal rates and long tool life
- Low grinding temperatures due to additional temperature-reducing coating
- Especially suitable for dry grinding of stainless steel
- For universal applications: dry and wet (water-, emulsion- and oil-resistant)

Applications

General:

- Punctual processing of a wide variety of metal surfaces in hard-to-reach areas

Product design

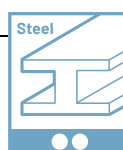

Type:	RB 486 44 Z
Grain:	Zirconium aluminum oxide
Bonding:	Synthetic resin, with active ingredient coating
Backing:	Z cloth
Coating:	Closed
Grit range:	+ 36/40/60/80

Stock programme Discs, Fastlock: RB 486 44 Z

With Fastlock system R

2" mm
3" mm
