

for an excellent finish

Fiber discs: RB 314 fibre

Powerful aluminum oxide fiber disc

Product benefits

- Long tool life due tough aluminum oxide grain
- Especially suitable for grinding C-steel and non-ferrous metal
- Universally applicable in the bodyshop

Applications

Metal working:

- Weld seam and surface defect grinding with angle grinders
- Rust removal and cleaning of metal surfaces

Parquet treatment:

- Initial, intermediate and fine sanding with single-disc sanding machines
