

for an excellent finish

Rolls: webrax-OS 709 flex

Universally applicable, flexible silicon carbide non-woven web rolls

Product benefits

- Highly flexible non-woven abrasive web with optimal adaptation to contours
- Constant high surface quality over the entire tool life
- No premature clogging due to open non-woven abrasive structure
- All-purpose: wet and dry

Applications

Metal working:

- Manual sanding of metal, non-ferrous metal, wood, lacquer, plastic and composite materials.
