

for an excellent finish

# CERFINE OD

Multi-part grinding wheel with friable and sintered aluminum oxide, vitrified-bonded

For grinding:  
Gear shaft, seats and gearing

Notes on the workpiece surface: Material: Case hardening steel (tempered) with various finish requirements

Grinding tool Grinding wheel with friable and sintered aluminum oxide, multi-part, vitrified-bonded

Example specification 3SK3/9 70/3 JOT10 V09G  
3SK3/9 120 I10 V09G  
HK 60 JOT6 V09G

Grinding process: External grinding
