

for an excellent finish

Sheets: VC 152

Flexible and powerful aluminum oxide paper rolls for general woodworking, lacquer sanding and metalworking

Product benefits

- Low clogging behavior
- Very good finish quality as the perfect preparation for subsequent processing steps
- Flexible, adaptable paper backing
- Excellent price-performance ratio

Applications

Wood working:

- Initial, intermediate and fine sanding of wood in preparation for staining and lacquering

Metal working:

- General manual grinding in the workshop area
- Grinding of metal workpieces to improve subsequent joining processes (welding, soldering, etc.)

Product design

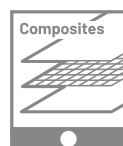

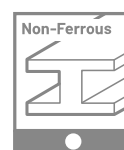

Type:	VC 152
